1 DAY DECKHAND ORIENTATION, SAFETY AND INJURY PREVENTION TRAINING PROGRAM

Course Description

The 1 day Deckhand Orientation, Safety and Injury Prevention Training Program gives each student a general idea of life and safety issues as a Deckhand in the Marine Transportation Industry. Upon successful completion of course, each student is issued a certificate of completion. The student information is then stored in our database.

This dynamic program is designed to meet the training curriculum of the American Waterways Operators, Responsible Carrier Program, (RCP) for entry level and deck crew personnel and contains orientation, safe work practices and hazard awareness instruction on the following topics:

- Module 1** - Personal Requirements, Crew Duties, Crew Positions, Work Schedules, Onboard Life.
- Module 2** - PPE, Housekeeping, Tools, Respirator Training, Hearing Protection.
- Module 3** - Hazard Awareness, Ladder Safety, Fall Protection, Lock Out Tag Out, Confined Space, HAZCOM, MSDS, Tool Inspection and Maintenance.
- Module 4** - Station Bill, Emergency Duties, Man Overboard, Fire Safety & Response, Fire Extinguishing Equipment.
- Module 5** - Grounding, Sinking, Vessel Abandonment, Collisions, Allisions, Emergency Response.
